Dear Mr Easton,

Re: Two handled tennis racket

Thank you for submitting a sample of the Natural Power Grip tennis racket which features two handles. According to your letter dated 13 July 2007, the racket will be sold and distributed by Natural Tennis LLC, whose President is Mr Dann Battistone.

I can confirm that the racket has been examined, and it has been determined that the use of this product would not violate the Rules of Tennis.

In advertisements for the Natural Power Grip product you are authorised to use the statement "Conforms to the official Rules of Tennis". Use of the ITF logo and/or statements such as "ITF Approved" or "ITF Tested" is prohibited.

If the product is launched into the market, please confirm the final product name in order that it can be listed as a conforming tennis racket on the equipment conformity page of the ITF Technical website, www.itftennis.com/technical.

We are retaining the sample submitted as a record of this decision.

The ITF reserves the right to change the Rules and interpretations regulating equipment at any time.

Yours sincerely,
